### > Technical Information

Model	2 groups	3 groups	4 groups
Dimensions	mm		
Width	765	985	1205
Height	535	535	535
Depth	570	570	570
Weight	60Kg	80Kg	100Kg

### Features

Model	2 groups	3 groups	4 groups
Deco E manual version	•	•	•
Deco D electronic version	•	•	•

### Hydraulic specifications

	Lt. 13	Lt. 21	Lt. 28
Stainless steel boiler capacity	Lt. 13	Lt. 21	Lt. 28
Independent heat exchangers tied to boiler	2	3	4
Brass chrome units with independent heating and electronic temperature control	2	3	4
Stainless steel steam arm	2	2	2
Steam arm Powersteam (electronic version only)	1	1	1
Stainless steel hot water tap; two programmed doses (electronic version only)	1	1	1
Hot water economiser	•	•	•
Pressure gauges for boiler and pump	•	•	•
Visual boiler water gauge	•	•	•
Automatic boiler filling	•	•	•
Manual boiler filling	•	•	•
Automatic anti-suction valve	•	•	•
Built-in volumetric pump	•	•	•

### Electric features

	Voltage	Watt		
Electric heating at maximum power (boiler resistance only)	230-400/	4370	5465	6555
	240-415V	4760	5950	7140
Electric heating at reduced power (boiler resistance only)	230-400/	2900	3640	4360
	240-415V	3170	3950	4750
Installed power	230-400/	5005	6280	7550
	240-415V	5395	6765	8135
Pump motor	230-240V	165	165	165
Electric cup warmer	230-240 V	180 W	240 W	300 W
Group heating (single group resistance)	230-240V	120	120	120
Multifunction display		•	•	•
Back illumination		•	•	•
Power supply 240-230/415-400 V three-phase		•	•	•
Automatic turning on/off function		•	•	•

Automatic turning on/off function (only for the electronic version)		•	•	•
---	--	---	---	---

## Other features

Body in stainless steel/painted polyurethane		•	•	•
Sloped filter holder with ergonomic handel		•	•	•
Colour		black red	black red	black red
Painted steel frame		•	•	•
Stainless steel drip tray		•	•	•

## Perfomances

Hot water production per hour		300	350	400
